The Man With A Purpose

Deserves Your Hearty Support

You admire the pluck of the man who works his way to the top and, in the end wins success.
Who fights for every inch of progress he makes and works for everything he gets.
Who represents the great mass of the students in the University, caters to no special cliques and relies not upon pull or prestige to put him across, but
Who stands four-square for principle, industry, genuine worth and recognized ability.
That man is FRED ELDEAN.

One Foul Rumor Nailed

Propaganda is being circulated among the students of the University of Missouri, to the effect that I have secretly allied myself with some fraternal organization, and that announcement of the fact is being withheld.

Feeling that the student body of the University of Missouri has a right to know the facts in the case, and trusting that it will attempt to secure the truth by judiciously investigating all rumors derogatory to any one of the three candidates for the office of Student President, I desire to make the following statement:

I am not pledged to any social fraternity and I have no such intentions.

I give my word that I will not affiliate with any organization of that nature while a student in the University of Missouri.

Signed,
FRED ELDEAN.

"I support FRED ELDEAN for president of the Student Body because I admire his pluck in working his way to a position of influence in the University, because he stands for everything that is in the best interests of the University, and because he represents the interests of a larger number of students, both men and women, than any other candidate."—STANLEY ANDREWS, 11 Months Overseas Service; Tiger Football Guard 1931.

A Square Deal For All

You who are proud to call the University of Missouri—ALMA MATER—without reservations,

You, with the spirit of the *Old Guard*, whose allegiance to that dynamic *Tiger* unit surpasses all other ties,

You, with the spirit of the *Old Guard*, whose allegiance uppermost in your minds, who want student activities open for all—with everyone starting from scratch.

YOU, who want student government for "Old Mizzou" to progress instead of retard.

WILL BE INTERESTED IN A SERIES OF ANNOUNCEMENTS TO APPEAR FROM TIME TO TIME IN THE MISSOURIAN.

The customary smoke cloud of a campaign perhaps has annoyed you. It is hoped that the proposed articles will revive interest which has given away to disgust, and will remind you that it is your duty, as a student in the University of Missouri, to carefully investigate every fact in connection with this campaign, in an effort to secure for the office of student president, the man best fitted to fill that office. Such a method of reaching a decision in this matter will erase much that has been exasperating to the hearty well wishers of the University of Missouri.

We sincerely believe that FRED ELDEAN is the right man for the office of student president.

Will you read the reasons for our conviction?
